Year 5

Year 4

Year 3

Year 2

Year 1

LKS2 Year 3/4

- Make labelled drawings from different views showing specific features.
- Develop a clear idea of what has to be done, planning how to use materials, equipment and processes.
- Measure, mark out, cut and shape a range of materials, using appropriate tools, equipment and techniques. Join and combine materials and components accurately.
- Evaluate their work both during and at the end of the assignment

UKS2 Year 5/6

- Identify a purpose for their product draw up a specification for their design.
- Plan the order of their work, choosing appropriate materials, tools and techniques
- Select appropriate tools and techniques for making their product. Cut and join with accuracy to ensure a good-quality finish to the product
- Evaluate their products, identifying strengths and areas for development, and carrying out appropriate tests.

Early Years

- Explore different materials freely, in order to develop their ideas about how to use them and what to make.
- Choose the right resources to carry out their own plan.
- Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.
- Share their creations, explaining the process they have used.

KS 1 Year 1/2

- Make simple drawings and label parts
- Develop their design ideas through discussion, observation, drawing and modelling.
- Measure, cut and score with some accuracy. Assemble, join and combine materials in order to make a product.
- Evaluate their products as they are developed, identifying strengths and possible changes they might make.
