ANGLIAN LEARNING

WELCOME FROM ANGLIAN LEARNING AND HOWARD COMMUNITY ACADEMY

Starting a new school is a very important experience in every child's life and we know that choosing the right school for your child is an exciting process, but can be daunting. In this prospectus, we hope to welcome you to our thriving school community and give you an insight into the ethos of our Trust and our ambitious vision for Howard Community Academy.

So, who are we?

Anglian Learning is a highly successful multi-academy trust where schools have come together to develop outstanding education and learning for communities in East Anglia. Our members share the firm belief that successful learning communities are underpinned at all levels of the organisation.

Alison Weir was appointed to the role of Headteacher in Spring 2021, and we are continuing to develop our provision for vulnerable pupils and those who have SEND through our additional class, the Hive. Our Early Years provision is led by Michelle Biggs and incorporates our amazing nursery, open to children from 3 years old.

OUR VISION AND VALUES

Aspiration Experience Nurture Community

At Howard Community Academy we aim to support every child to become their best at our school and beyond. In a safe and nurturing environment we seek to engage our children with a curriculum which is fun and exciting, but also challenging.

Howard Community Academy is a school with community at its heart. Our school works hand in hand with the local community, to be a place where families are supported and parents are actively involved in the life of the school.

Our aim is that through high quality teaching, by the time a child leaves us they will have the skills and confidence to be independent and successful learners and be positively involved in the wider community. We seek to ensure that every child will have gained fond memories and rich experiences and that they will say that being a pupil at Howard Community Academy was the making of them.

OUR CURRICULUM

At Howard Community Academy we aim to provide a curriculum which supports the needs of our children to engage positively with learning. Our children are at the heart of our curriculum. They have the opportunity to develop an understanding of our school values and build self-esteem and confidence.

Through first-hand experiential learning, children's learning will be enriched and enhanced. We aim to develop children's cultural capital through rich experiences, visits and extra-curricular activities. For children to thrive, we build children's self-esteem through promoting healthy attitudes and can do approaches across the curriculum.

Using a cross-curricular approach (where appropriate), we provide learning which is meaningful and relevant.

We aim to inspire children to aim for excellence, thrive and fully develop as rounded individuals through developing resilience and skills for life.

ADMISSIONS

To find out more about applying for a place at Howard Community Academy, please visit www.howardacademy.org or www.suffolk.gov.uk/children-families-and-learning/schools/school-places

If you are interested in a school place out of normal entry time, please contact the school by emailing our office@howardprimary.org
