

Homework

This will be set at the beginning of every half term. You will receive the log ins for Spelling Shed which will give you a list of spellings to learn. You will also have the log in for Maths Tutor and TT Rock Stars to help with building confidence as well as your maths knowledge.

Other projects to complete will also be listed.

Science

Our science focus for this half term is Earth and Space. We are going to learn about the main bodies in the solar system and the rotation and orbit of the earth leading to day and night and seasonal change.

History and Geography

In History children will use the famous Bayeux Tapestry to explore the significant events of 1066.

In Geography we will be looking at the countries of Europe.

RE/PSHE

In RE, we will be exploring the religion of Christianity and discussing the great significance of the Eucharist for Christians.

In PSHE we will be looking at Healthy and Safer Lifestyles and how we manage safety and risks.

Summer Term 1: Otter Class

Art

In art we will be looking at the role of architects and the responsibility they have to design us a better world. Within these lessons we will be making our own architectural model.

English

In English, we will be looking at a narrative poem The Highwayman by Alfred Noyes, before producing a discussion text relating to the question 'Should we feed animals at National Parks?' by Christ Turnham. We will then finish our half term with a mystery story based on The Nowhere Emporium by Ross Mackenzie.

Maths

This half term we will be looking at grid multiplication, area of shapes and division, before moving on to fractions.

The maths skills learnt so far will be revisited every day to ensure that they are remembered too.

Music

Suffolk County Music Service will continue to take the Year 5s for Brass and the Year 4s will continue with Charanga within which they will be continuing to hone their glockenspiel skills
